

MICHELE CHONG is a partner in the Energy & Utilities practice group. She is principally involved in project advisory work, specialising in building and engineering contracts. She has experience in both contentious and non-contentious construction matters, and has drafted complex project documents for major developments in Malaysia.

She was educated at Raffles Junior College, Singapore, read law at the University of East Anglia, United Kingdom (UK), and was admitted as an Advocate & Solicitor of the High Court of Malaya in 1998. She also has a creative side and holds a BA (Hons) degree in Interior Architecture & Design from the University of Hertfordshire, UK.
